

ADITYA NILESH KULKARNI

B.E. - Artificial Intelligence & Data Science

Ph: +91-7775815981

Email: adityakulkarni2411@gmail.com

Pune, Maharashtra, India - 411018

PROFESSIONAL SUMMARY

Final-year Artificial Intelligence & Data Science student with a focus on building dependable, full-stack applications. I specialize in bridging the gap between standalone machine learning models and production-ready systems by integrating robust backend architectures with automated cloud pipelines. I am driven by creating AI-native tools that prioritize reliability and high-velocity delivery, ensuring that innovation translates into stable, enterprise-grade solutions.

KEY EXPERTISE

Languages & Frameworks: Python, SQL, Javascript, React, FastAPI, REST APIs

AI-Native Engineering: Prompt Engineering, RAG Pipelines, LangChain, Agentic AI

Machine Learning: LLM, PyTorch, LSTM Neural Networks, Scikit-learn, TensorFlow

Software Development Tools : Github Actions , Git , Agile Methodology , Scrum Model

Visualization Tools : Power BI , Tableau , Looker Studio , Zoho Analytics

Soft Skills : Team Work , Critical Thinking , Adaptability , Problem Solving , Communication

EDUCATION

Dr. D. Y. Patil Institute of Technology

2026

B.E. - Artificial Intelligence & Data Science | CGPA: 6.99 / 10

Late B G Kabra Jr College , Malegaon, Malegaon

2022

12th | MSBSHSE | Percentage: 83.67 / 100

Vidya Vikas International School , Malegaon, Malegaon

2020

10th | CBSE | Percentage: 87.20 / 100

INTERNSHIPS

Parallel Learning

22 Sep, 2025 - 15 Jan, 2026

Software Intern

AI-First Workflows: Spearheaded the integration of AI solutions to automate internal processes, significantly increasing efficiency and reducing manual error rates.

System Optimization: Refactored complex MySQL queries and managed backend performance to ensure seamless data flow and application stability.

Stakeholder Collaboration: Partnered with non-technical teams to transform abstract business requirements into high-performing, functional software tools.

PROJECTS

AI-Powered Legal Document Translation

Model Fine-tuning: Engineered a solution by fine-tuning the Sarvam LLM locally over a large-scale legal corpus to ensure high-domain accuracy.

AI-Native Focus: Utilized PyMuPDF for document parsing and implemented structured outputs to maintain intricate legal formatting.

Quality & Governance: Conducted rigorous validation of legal terminology to ensure the output met strict structural accuracy standards.

Automated Candlestick Predictor (Predictive Engine)

The Pipeline: Developed an end-to-end predictive system that harvests real-time market data from Angel One SmartAPI via WebSockets.

LSTM Intelligence: Built a PyTorch-based LSTM model that analyzes the "rhythm" of 60+ previous candles to forecast price returns.

Cloud Automation: Implemented GitHub Actions to automate "Inference & Ingestion" scripts every few minutes, pushing live data to a Google Sheets warehouse and updating the React dashboard.

Visualization: Designed a FastAPI-backed dashboard rendering live charts with "Ghost Candle" forecasts for upcoming intervals.

Intelligent Knowledge Assistant (RAG Pipeline)

Innovation: Built a Retrieval-Augmented Generation (RAG) system using LangChain and Vector Databases to query private datasets.

Quality & Governance: Integrated AI evaluation metrics to flag hallucinations and ensure response relevance, following secure-by-design AI practices.

ASSESSMENTS / CERTIFICATIONS

Supervised Machine Learning by DeepLearning.AI

Data Analytics Program by Godrej

POSITIONS OF RESPONSIBILITY

Treasurer, Team Sanskriti

Oversaw financial planning and budget management for college cultural initiatives.

Management Team, Team Devkraft

Organized large-scale technical events, focusing on logistics and team coordination.

Coding Member, Team Airawat

Collaborated on technical development for an E-Bike manufacturing project.

CO-CURRICULAR ACTIVITIES

- Devclash 24 hour Hackathon

PERSONAL DETAILS

Gender: Male

Marital Status: Single

Current Address: Sukhwani Building Vallabh Nagar, Pune,
Maharashtra, India - 411018

Emails: adityakulkarni2411@gmail.com , adikulkarni560@gmail.com

Date of Birth: 01 Oct, 2004

Known Languages: English Hindi Marathi

Phone Numbers: +91-7775815981, +91-7775815981
